Subject: Annual Report

Thank you for sharing a copy of the annual report. The work of the Committee is important and there are significant issues ahead related to the criminal justice system in B.C., particularly as it relates to Indigenous families and youth.

As a former probation/parole officer in both the adult, youth and family court systems, I have a special interest in how effectively these systems are serving and addressing the needs of youth and families in local communities.

Your work as elected officials and as a committee is a key voice to ensuring that communities remain sensitive to and aware of the changing landscapes in community policing and criminal justice and their local impacts on individuals and families.

Thank you for all you do and I wish you much success going forward.
