Dear Front-Line Service Providers in Greater Victoria,

The past two years have been a challenging time for Greater Victoria's resource agencies to stay connected with each other, and with members of local governments and the communities they support. Victoria Family Court and Youth Justice Committee will be hosting an Open House on June 13th, 2023, as an opportunity for everyone to reconnect and re-engage with other resource agencies, and with VFCYJC members.

Over the past 56 years VFCYJC has established mutually beneficial relationships with Greater Victoria's resource agencies. Our mandate is twofold: to educate and to advocate.

- **Educate** by providing a safe space for regional decision makers and leader to meet and learn form those doing the frontline work.
- **Advocate** for service agencies to support their work on behalf of families and children throughout the CRD.

Visit our [website](#) to learn more. You'll also find us on [Facebook](#) and [Twitter](#).

Our members look forward to either renewing or making new acquaintances, and to sharing VFCYJC's goals as a newly delegated commission of the Capital Regional District. The Open House will be a relaxed, informal gathering to engage with colleagues and regional decision-makers.

I look forward to seeing you there,

Sincerely,

Marie-Térèse Little, PhD
Chair, Victoria Family Court & Youth Justice Committee
Mayor, District of Metchosin
